The cost of Photoshop is reasonable, and its rates drop when you're a member of the Adobe Photoshop Creative Cloud, which provides the software with updates. Photoshop enables you to work with images in two different ways. The primary way is that you can work with individual image layers (ones that have been created as individual tiny versions of a piece of the image). However, many of the more advanced effects, such as color corrections, changes to blend modes, and image retouching, require you to work with a selection tool and a selection. This chapter introduces you to Photoshop's primary image editing features and provides a tutorial that helps you get the most from the program. This chapter covers the following topics: Understanding how to edit image layers Manipulating images with the Pen tool Using the Eraser tool to clean up imagery Using the Spot Healing Brush tool to remove blemishes from photos and apply photo retouching techniques Controlling brush size and opacity Blending two images or creating a new background Correcting color errors Combining and editing multiple layers Creating Layers You need to understand a bit about the structure of an image in order to make it look as good as possible. If you open an image and select the Move tool, the Move tool changes to the Selection tool mode, and you can then click any layer and drag it to another location. If you click a blank area, the layer moves in that area. If you click an active layer, the layer moves according to the position you specify. The club was founded in 1961 and was one of Ireland's most successful field hockey clubs in the 1970s, winning two All-Ireland Championships and winning the Irish Hockey League 14 times, as well as participating in the FIH Champions Trophy. The club won all five Dublin Senior titles in the 1980s and were Division 1 champions in 1989.

**History Beginnings** In 1961, a group of players at Ballinteer School of Commerce formed Donovans Hockey Club. It began with five first team members, and was largely a social event. The club had improved so much that in the 1967–68 season it took part in the competition proper for the first time. In the next season, Donovans defeated Cherry Orchard in the Fairs Cup.

**1970s** In 1970, Donovans Hockey Club joined the Waterford County League. Although the team only won three times in the league's first season, that led to playing in Division 2. Its first victory in Division 2 came in 1972. In 1975, Donovans played in the Irish Cup final. At the end of the season, they were promoted to the Senior League. The next season they won the Senior League, Division 1 championship and the Fairs Cup. In 1976, Donovans won the Division 1 league title and the inaugural Fairs Cup. In 1977, Donovans played in the Junior League final but lost.

**1980s** In the 1980–81 season, Donovans won the Division 2 league title and they also won the Irish Cup, knocking out Sherwood before winning the final 5–4 against Cherry Orchard. In the 1981–82 season, Donovans won the Division 1 league title, the Senior Cup and the Fairs Cup. They won all four of those trophies for the third time in their history. In the 1984–85 season, Donovans won the Division 1 league title and the Fairs Cup. It was the club's last season at Ballybrack.

**1990s** The club had been based at Ballybrack since it formed. After a dispute between the club and the
