Magic Design.[The effect of genetic factors on the depth of sutures in wound healing in the rat]. The effects of genetic factors on the depth of sutures in wound healing were examined in the present experimental study. The results showed that the depths of sutures were significantly increased in rats of the inbred strain SD/Kor over inbred strain OFA/Mak, and that there were significant differences in the speeds of re-epithelisation between the two strains (Welch's tests). The genetic heterogeneity of wound healing may provide a useful clue for the elucidation of the neuro-immune molecular mechanism of adaptation and the capacity of healing.What's happening with Rising Phoenix? Hi, I'm Jess and I'm one of the Rising Phoenix authors. A number of you have been asking about what we're up to after Rise of the Phoenixborn. Currently, we're working on the second book in the series, Rise of the Phoenixborn, which will be released by Bitter Root Press in the summer of 2020. Rise of the Phoenixborn has been in development for about a year

now. We started with the book I'm working on currently, Rising Phoenix and started a fresh story arc. I have loads of edits from my first drafts for Rising Phoenix, so I'll be spending the next month working on those. I have already finished the first draft of the Rising Phoenix manuscript. What we've been up to since Rise of the Phoenixborn Since Rise of the Phoenixborn came out on July 7th 2018, Bitter Root Press have been great
