The one where it resided is being replaced. I have the License and Product Keys but I cannot find the registration/validation code that I had to obtain at one point from Intuit. Is there a way to retrieve it from the software or do i have to call Intuit to retrieve it or get a new one? **Software cracking** (known as "breaking" mostly in the 1980s[1]) is an act of removing copy protection from a software.[2] Copy protection can be removed by applying a specific *crack*. A *crack* would refer to any tool to enable breaking into a computer network or a software application.[3] Examples of *cracks* are: applying a *patch* or by creating reverse-engineered serial number generators known as *keygens*, thus bypassing software registration and payments or converting a trial/demo version of the software into fully-functioning software without paying for it.[4] Software cracking contributes to the rise of online piracy where pirated software is distributed to end-users[2] through filesharing sites like BitTorrent, One click hosting (OCH), or via Usenet downloads, or by downloading bundles of the original software with cracks or keygens.[4]
