

Winworks Autoshop Ver5.0 Pro GS Editions Setup Free !NEW!

How to Set Up Winworks Autoshop Ver5.0 Pro GS Editions for Free

If you are looking for a powerful and easy-to-use auto shop management software, you might be interested in Winworks Autoshop Ver5.0 Pro GS Editions. This software is designed to help you manage your shop operations, inventory, marketing, accounting, scheduling, and more. It also integrates with various online parts suppliers and data providers, such as ALLDATA, Mitchell, NAPA, AutoZone, and others. But how can you get this software for free? Well, there is a way to try it out for 30 days without paying anything. Here are the steps to set up Winworks Autoshop Ver5.0 Pro GS Editions for free:

1. Go to <https://winworks.com/autoshop-pro/> and click on the "Get Your 30 Day Free Trial" button.
2. Fill out the form with your name, email, phone number, shop name, and address. You will also need to choose a password and a security question.
3. Check your email for a confirmation link and click on it to activate your account.
4. Download the Winworks Autoshop Ver5.0 Pro GS Editions installer from the link provided in the email.
5. Run the installer and follow the instructions to install the software on your computer.
6. Launch the software and enter your email and password to log in.
7. Enjoy using Winworks Autoshop Ver5.0 Pro GS Editions for free for 30 days!

If you like the software and want to continue using it after the trial period, you can purchase a license from Winworks. You can choose from three different editions: GS, Pro, or Premium. Each edition has different features and prices, so you can pick the one that suits your needs and budget. You can compare the editions and their features [here](#). Winworks Autoshop Ver5.0 Pro GS Editions is a great solution for auto shop owners who want to improve their profitability and customer satisfaction. It is a native Windows application that uses Microsoft Access database structure. It is also upgradable to a multi-user network system if you have multiple computers or locations. With Winworks Autoshop Ver5.0 Pro GS Editions, you can streamline your shop workflow and grow your business. One of the best features of Winworks Autoshop Ver5.0 Pro GS Editions is the service history and recommendations system. This system allows you to view and print detailed customer, vehicle, and fleet history reports. You can also track the marketing sources for each customer and see how they found your shop. This can help you optimize your marketing strategies and increase your customer retention. Another great feature of Winworks Autoshop Ver5.0 Pro GS Editions is the drag and drop scheduling and appointment system. This system lets you easily manage your shop's calendar and appointments. You can drag and drop work orders to different time slots, technicians, or bays. You can also color-code your appointments by status, priority, or type. You can also send email or text reminders to your customers to reduce no-shows and cancellations. Winworks Autoshop Ver5.0 Pro GS Editions also has a security system with override password. This system allows you to set different security rights for each user of the software. You can restrict access to certain features or functions, such as editing work orders, changing prices, deleting records, or

viewing reports. You can also override the security settings with a master password if needed.
