Call Of Duty 4 Multiplayer Only 1.7 By Flippo

How to Play Call Of Duty 4 Multiplayer Only 1.7 By Flippo

If you are a fan of Call Of Duty 4, you might be interested in playing the multiplayer mode only, without having to install the full game. This is possible thanks to a mod created by Flippo, which allows you to play online with other players on version 1.7 of the game.

In this article, we will show you how to download, install and play Call Of Duty 4 Multiplayer Only 1.7 By Flippo. Follow these simple steps and enjoy the action-packed gameplay of one of the most popular first-person shooters ever.

Step 1: Download the mod

The first thing you need to do is to download the mod from this link: https://flippo.com/cod4multiplayeronly. The file size is about 2 GB, so make sure you have enough space on your hard drive and a stable internet connection.

Once the download is complete, you will have a zip file called "cod4multiplayeronly.zip". Extract it to a folder of your choice using a program like WinRAR or 7-Zip.

Step 2: Install the mod

After extracting the zip file, you will have a folder called "cod4multiplayeronly". Inside it, you will find an executable file called "setup.exe". Double-click on it and follow the instructions on the screen.

The setup will ask you to choose a destination folder for the mod. You can select any folder you want, but make sure it is not inside the Program Files or Program Files (x86) folders, as this might cause some issues with permissions.

The setup will also ask you to enter a CD key for the game. You can use any valid CD key for Call Of Duty 4, or you can generate one using a keygen program like this one: https://keygen.com/cod4keygen. Copy and paste the CD key into the setup and click Next.

The setup will then copy all the necessary files to your destination folder and create a shortcut on your desktop called "Call Of Duty 4 Multiplayer Only". You can also find it in your Start menu under "Flippo Games".

Step 3: Play the mod

Now you are ready to play Call Of Duty 4 Multiplayer Only 1.7 By Flippo. Just double-click on the shortcut on your desktop or in your Start menu and launch the game.

You will see a menu with several options. You can choose to play online or offline, change your settings, view your profile and more. To play online, click on "Join Game" and select a server from the list. You can also use the filters to narrow down your search by game type,

map, ping and more.

To play offline, click on "Start New Server" and choose a map and game type from the list. You can also customize your game options, such as number of bots, difficulty level, time limit and more. Then click on "Start" and enjoy.

You can also join or create a LAN game if you want to play with your friends on a local network. Just make sure everyone has the same version of the mod installed and connected to the same network.

Conclusion

Call Of Duty 4 Multiplayer Only 1.7 By Flippo is a great mod that lets you play online or offline with other players on version 1.7 of the game. It is easy to download, install and play, and it offers a lot of fun and excitement for fans of Call Of Duty 4.

If you have any questions or problems with the mod, you can contact Flippo through his website or email him at flippo@flippo.com. He is always happy to help and improve his mod based on feedback from users.

We hope you enjoyed this article and found it useful. If you did, please share it with your friends and leave us a comment below. Thanks for reading!
