In this article, we will tell you what CarX Drift Racing is, what CarX Drift Racing Cheat APK is, how to download and install it, and some tips and tricks for playing the game.

What is CarX Drift Racing?

CarX Drift Racing is a popular drifting game developed by CarX Technologies, a company that specializes in creating realistic car physics and graphics. The game was released in 2017 for PC, iOS, Android, PlayStation 4, Xbox One, and Nintendo Switch. It has over 100 million downloads on Google Play Store alone. The game features over 70 cars that you can customize and tune to your liking, over 40 tracks that range from asphalt to sand, online multiplayer mode where you can compete with other players, career mode where you can progress through various championships, realistic engine sounds and controls, and stunning graphics that make you feel like you are really drifting.

Features of CarX Drift Racing

Some of the features that make CarX Drift Racing stand out from other drifting games are:

- **Realistic driving physics**: The game uses a sophisticated physics engine that simulates the behavior of different cars, tires, surfaces, and weather conditions. You can feel the difference between front-wheel drive, rear-wheel drive, and all-wheel drive cars, as well as the effects of traction, weight distribution, suspension, steering angle, and more. The game also allows you to adjust various parameters such as camber, toe, caster, tire pressure, gear ratio, differential lock, etc. to fine-tune your car's performance.
- **Detailed customization and tuning**: The game offers a wide range of options to modify your

car's appearance and performance. You can choose from over 100 body kits or create your own with over 1000 parts available. You can also paint your car in different colors and apply vinyls and stickers to make it unique. Moreover, you can upgrade your engine, turbo, brakes, exhaust system, etc. to boost your car's power and speed.

- **A number of cities and special racing track locations**: The game features over 40 tracks that are based on real-world locations such as Tokyo, San Francisco, Dubai, Moscow, etc. Each track has its own characteristics and challenges that require different skills and strategies to master. You can also explore the open world maps that offer various spots for drifting and stunts.
- **An array of vinyls to design the look of your vehicle**: The game provides a variety of vinyls that you can use to decorate your car's body. You can choose from different categories such as abstract, anime, graffiti, logos, flags, etc. or create your own with the in-game tools. You can also share your designs with other players online or download their creations.
- **Open online rooms and competitions**: The game supports online multiplayer mode where you can join open rooms and compete with other players from around the world. You can also create your own rooms and invite your friends or random players to join. You can choose from different modes such as drift, sprint, time attack, etc. and set your own rules and parameters. You can also participate in online championships and tournaments and win prizes and rewards.
- **Leaderboards and achievements**: The game tracks your progress and performance in various aspects such as drift points, speed, distance, time, etc. You can compare your results with other players on the global or regional leaderboards and see how you rank among them. You can also unlock various achievements and trophies that showcase your skills and accomplishments.

How to Download and Install CarX Drift Racing Cheat APK?

If you are still interested in using CarX Drift Racing Cheat APK despite the risks, you can follow these steps to download and install it on your device:

Step 1: Find a reliable source for the cheat APK

The first step is to find a trustworthy website or platform that offers the cheat APK file for CarX Drift Racing. You can search online for keywords such as "CarX Drift Racing Cheat APK", "CarX Drift Racing Mod APK", or "CarX Drift Racing Hack APK" and look for the results that have positive reviews, ratings, comments, or feedback from other users. You can also check the file size, date, version, and compatibility of the cheat APK file before downloading it.

Step 2: Enable unknown sources on your device

The next step is to enable unknown sources on your device so that you can install the cheat APK file from outside the official app store. To do this, you need to go to your device's settings and look for the security or privacy option. Then, you need to toggle on the unknown sources or allow installation from unknown sources option. This will allow you to install apps from sources other than Google Play Store or App Store.

Step 3: Download and install the cheat APK file

The third step is to download and install the cheat APK file on your device. To do this, you need to go to the website or platform where you found the cheat APK file and click on the download button or link. You may need to complete some verification steps such as captcha, surveys, offers, etc. before downloading the file. Once the download is complete, you need to locate the file in your device's storage and tap on it to start the installation process. You may need to grant some permissions or accept some terms and conditions before installing the app.

Step 4: Launch the game and enjoy the cheats

The final step is to launch the game and enjoy the cheats. To do this, you need to open the app icon that has been installed on your device's home screen or app drawer. You may need to sign in with your account or create a new one if you haven't done so before. Once you are in the game, you can access all the features and cars that are normally locked or paid for. You can also use unlimited money, gold, coins, keys, fuel, etc. to buy anything from the shop or upgrade your car. You can also use other cheats or hacks such as speed hack, drift hack, ghost mode, etc. depending on the cheat APK file you downloaded.

Tips and Tricks for CarX Drift Racing

Now that you know how to download and install CarX Drift Racing Cheat APK, here are some tips and tricks that can help you improve your drifting skills and enjoy the game more:

Tweak your input settings

One of the first things you should do is to tweak your input settings according to your preference and comfort.
