# How to Download Crashday Redline Edition for Windows 10 for Free

Crashday Redline Edition is a remastered version of the classic arcade racing game Crashday, where you can race, wreck, shoot and smash your way through various game modes and tracks. If you are looking for a fast-paced and action-packed racing game, you might want to try Crashday Redline Edition for free. Here are some steps on how to download it for Windows 10.

1. Go to the website of Nexus-Games[<sup>1</sup>], which offers free downloads of various PC games.
2. Search for Crashday Redline Edition in the search bar or browse through the categories of games.
3. Click on the game title and read the description and system requirements to make sure your PC can run it.
4. Click on the download button and follow the instructions to get the game files.
5. Extract the game files using a program like WinRAR or 7-Zip.
6. Run the setup file and install the game on your PC.
7. Launch the game from the desktop shortcut or the start menu and enjoy!

Note: Some antivirus programs may detect the game files as malicious or unwanted. This is a false positive and you can safely ignore it or add an exception to your antivirus. However, you should always download games from trusted sources and scan them before running them.

Crashday Redline Edition is not just a simple racing game. It also features various weapons and power-ups that you can use to destroy your opponents or gain an advantage. You can choose from different types of cars, such as urban street rides, heavy off-roaders and high-speed sports cars, and customize them with various tuning kits and parts. You can also create and share your own tracks using the integrated track editor, which offers over 150 building blocks, including ramps, corkscrews, off-road terrains and more.

The game also supports online and offline multiplayer modes, where you can compete with other players or team up with them in different game modes. Some of the game modes are Wrecking Match, where you have to cause as much damage as possible, Stunt Show, where you have to perform spectacular stunts and tricks, Race, where you have to be the fastest on the track, and Hold The Flag, where you have to capture and keep a flag for as long as possible. There are also some unique Crashday classics, such as Pass The Bomb, where you have to pass a bomb to another player before it explodes, and Bomb Run, where you have to race through checkpoints while avoiding bombs.

Crashday Redline Edition is a game that will appeal to fans of arcade racing games who love speed, destruction and chaos. The game has been enhanced with improved graphics, controls, sound and gameplay features, as well as Steam integration and Steam Workshop support. If you want to experience the thrill of Crashday again or for the first time, you can download it for free from Nexus-Games and enjoy the ride.
