How to Create Stunning Presentations with CrystalGraphics PowerPlugs 3D Titles and Transitions

If you want to impress your audience with eye-catching and dynamic presentations, you need to check out CrystalGraphics PowerPlugs 3D Titles and Transitions. These are powerful add-ons for Microsoft PowerPoint that let you create amazing 3D effects for your slides. Whether you want to add a 3D title animation, a 3D transition effect, or a 3D image, PowerPlugs has you covered.

In this article, we will show you how to use PowerPlugs 3D Titles and Transitions to enhance your presentations. We will also give you some tips and tricks to make the most of these tools. Let's get started!

What are PowerPlugs 3D Titles and Transitions?

PowerPlugs 3D Titles and Transitions are two separate products from CrystalGraphics that work together to create stunning 3D effects for your PowerPoint slides. They are compatible with Microsoft Windows XP - Windows 8 (32 or 64bit) and Microsoft Office 2003 - 2013 (32 bit)[^2^].

PowerPlugs 3D Titles allows you to create customizable 3D title animations for your slides. You can choose from over 180 different styles, such as Delivery Truck, Emerald Screens, Imperial Disk, Scene Slate, Turn Image, Turn Turning Pieces, Twirling Panels, Vault Doors, Virtual Billboard, and more[^1^]. You can also insert your own images into some of the transition styles[^1^]. You can adjust the speed, color, size, and position of the 3D titles as well as add sound effects.

PowerPlugs 3D Transitions allows you to add realistic 3D transition effects between your slides. You can choose from over 600 different effects, such as Blinds, Checkerboard, Dissolve, Flip, Fly In, Iris, Page Curl, Random Bars, Split, Wipe, Zoom, and more[^1^]. You can also customize the direction, duration, and timing of the transitions as well as add sound effects.

How to Use PowerPlugs 3D Titles and Transitions?

To use PowerPlugs 3D Titles and Transitions, you need to install them on your computer first. You can download them from the CrystalGraphics website or order them on CD-ROM. Once you have installed them, you will see a new toolbar in PowerPoint with two buttons: Add 3D Transition and View Show with Effects.

To add a 3D title animation to your slide, follow these steps:

1. Select the slide where you want to add the 3D title.
2. Click on the Add 3D Transition button on the toolbar.
3. Select a volume (I to VI) and a style from the dialog box that appears.
4. Click on the Options button if you want to insert your own image or adjust the settings of the 3D title.
5. Click on Apply or Apply to All to apply the 3D title to your slide or all slides.

To add a 3D transition effect between your slides, follow these steps:

1. Select the slide where you want to add the 3D transition.

2. Click on the Add 3D Transition button on the toolbar.
3. Select a volume (I to VI) and an effect from the dialog box that appears.
4. Click on Apply or Apply to All to apply the 3D transition to your slide or all slides.

To view your presentation with the 3D effects, follow these steps:

1. Click on the View Show with Effects button on the toolbar.
2. Enjoy your stunning presentation!
