

Horde 2 The Citadel Free 'LINK' Download English

How to Download Horde 2: The Citadel for Free

Horde 2: The Citadel is a fantasy real-time strategy game that was released in 2001. It is the sequel to Horde: The Northern Wind, and it features a rich and immersive world based on Russian folk tales. In this game, you can build your own settlement, collect taxes, trade with other nations, and wage war against your enemies. You can also recruit powerful creatures to join your army, such as dragons, giants, and werewolves.

If you are looking for a way to download Horde 2: The Citadel for free, you have come to the right place. In this article, we will show you how to get this classic game on your Windows PC without paying a dime. All you need is a reliable internet connection and some free disk space.

Step 1: Download the Game Files

The first thing you need to do is to download the game files from a trusted source. We recommend using the link below, which will take you to a website that hosts the game files in Italian. Don't worry, you can change the language to English later.

[Download Horde 2: The Citadel - Windows Version](#)

Once you click on the link, you will see a green button that says "Download for PC". Click on it and wait for the download to start. The file size is about 58 MB, so it should not take too long.

Step 2: Extract the Game Files

After the download is complete, you will need to extract the game files from the ZIP archive. You can use any software that can handle ZIP files, such as WinRAR or 7-Zip. To extract the files, right-click on the ZIP file and choose "Extract Here" or "Extract to Horde-The-Citadel/". You will see a folder named "Horde-The-Citadel" that contains all the game files.

Step 3: Run the Game

To run the game, you need to double-click on the file named "Horde.exe". This will launch the game in a windowed mode. You can adjust the resolution and other settings by clicking on the "Options" button on the main menu.

Step 4: Change the Language

If you want to play the game in English, you need to change the language setting. To do this, click on the "Options" button on the main menu and then click on the "Language" button. You will see a list of languages that you can choose from. Select "English" and then click on "OK". The game will restart and load in English.

Step 5: Enjoy!

You are now ready to enjoy Horde 2: The Citadel for free on your PC. You can start a new game by clicking on the "New Game" button on the main menu. You can also load a saved game by clicking on

the "Load Game" button. You can save your progress by pressing F5 during the game.

Horde 2: The Citadel is a fun and challenging game that will keep you entertained for hours. You can explore a vast and colorful world, interact with different characters, and engage in epic battles. You can also customize your gameplay by choosing from different difficulty levels, game modes, and scenarios.

We hope this article was helpful and that you enjoy playing Horde 2: The Citadel for free. If you have any questions or problems, feel free to leave a comment below.
