## What is Tom Clancys The Division PC Game?

Tom Clancys The Division PC game is a multiplayer online shooter that was released in 2016 by Ubisoft. The game is based on the novel of the same name by Tom Clancy, a famous author of spy and military thrillers. The game takes place in New York City after a devastating outbreak of a virus that was spread through banknotes on Black Friday. The virus caused chaos and panic in the city, leading to the collapse of society and the rise of various hostile groups. You play as an agent of The Division, a secret unit of tactical agents who are activated to restore order and find out the truth behind the epidemic. You can explore the city, complete missions, loot and craft new weapons and equipment, and customize your agent with different skills and abilities. You can also team up with other players or compete against them in the Dark Zone, a dangerous area where you can find rare loot but also face more enemies and rogue agents.
