# Witcher 3 New Game Plus Save File Download

The Witcher 3: Wild Hunt is one of the most acclaimed and popular RPGs of all time, with a rich and immersive world, a compelling story, and a vast amount of content to explore. But what if you want to experience it all over again, with more challenge, more rewards, and more customization? That's where New Game Plus comes in.

New Game Plus is a special mode that allows you to start a new game with your previous character's level, skills, items, and more. It also increases the level and difficulty of enemies, quests, and loot, making the game more challenging and rewarding. But how do you start New Game Plus in Witcher 3? And where can you find a save file that has everything you need for it? In this article, we will answer these questions and more.

## What is New Game Plus in Witcher 3?

New Game Plus is a mode that lets you replay The Witcher 3 with your previous character's progress, but with some changes and additions. You can access it after you finish the main story of the game, or after you install the free DLC that adds it. Here are some of the features of New Game Plus:

### How to start New Game Plus in Witcher 3

To start New Game Plus in Witcher 3, you need to have a completed save file from the base game or the expansions. You can choose any difficulty level, but you cannot change it later. You also need to have enough free space on your device to create a new save file.

Once you have a completed save file, follow these steps:

- Go to the main menu and select "New Game".
- Select "New Game +" from the options.
- Select the completed save file that you want to use for New Game +.
- Choose your preferred options for enemy upscaling, tutorials, simulation of choices from The Witcher 2, etc.
- Start your new adventure!

### What carries over and what doesn't in New Game Plus

In New Game Plus, you keep most of your character's progress from your previous playthrough, but some things are reset or removed. Here is what carries over and what doesn't:

#### Carries over

Your character level (or level 30 if you were below that)  
Your skills and mutations  
Your inventory items (except for quest items, books and letters, usable items, and trophies)  
Your money and crafting materials

#### Doesn't carry over

Your quest progress (including main story, side quests, contracts, treasure hunts, etc.)  
Your map exploration (including fast travel points, points of interest, etc.)  
Your Gwent cards (except for the basic Northern Realms deck)  
Your bestiary and character entries

Your alchemy recipes and crafting diagrams    Your romance choices

## **How does New Game Plus change the gameplay and difficulty**

New Game Plus is not just a simple replay of the game. It also changes some aspects of the gameplay and difficulty to make it more challenging and rewarding. Here are some of the changes:

- The level of enemies, quests, and loot is increased by the same amount as your starting level in New Game Plus. For example, if you start New Game Plus at level 35, all enemies, quests, and loot will be 35 levels higher than in the base game. You can find new and improved versions of weapons, armor, and runes in New Game Plus. These items have a "+" sign next to their names and have higher stats and requirements. You can unlock new mutations in New Game Plus, which are powerful abilities that enhance your combat skills. You need to complete a special quest called "Turn and Face the Strange" to access the mutation system. You can earn more experience points and money in New Game Plus, as well as a new item called "Prestige Points". You can use these points to buy special bonuses that improve your character's performance, such as increased damage, faster stamina regeneration, lower prices, etc.

## **Why download a save file for New Game Plus?**

New Game Plus is a great way to enjoy The Witcher 3 again, but it also requires a lot of time and effort to complete. If you don't have a completed save file from the base game or the expansions, or if you want to try a different build or choice, you might want to download a save file for New Game Plus. Here are some of the reasons why:

### **Benefits of downloading a save file for New Game Plus**

Downloading a save file for New Game Plus can offer you some advantages, such as:

- You can skip the parts of the game that you don't like or that you have already played before.
- You can start New Game Plus with a higher level, better skills, more items, and more money than you would normally have.
- You can experiment with different builds and choices without having to invest hours of gameplay.
- You can access content that you might have missed or that is exclusive to certain paths or endings.

### **Risks and drawbacks of downloading a save file for New Game Plus**

However, downloading a save file for New Game Plus also has some risks and drawbacks, such as:

- You might encounter compatibility issues or bugs with your game version or platform.
- You might lose some of the immersion and satisfaction of playing the game with your own character and choices.
- You might spoil yourself some of the story or content that you haven't experienced yet.
- You might violate the terms of service or the code of conduct of the game or the platform.

# Where to find and how to install a save file for New Game Plus

If you decide to download a save file for New Game Plus, you need to know where to find it and how to install it. Here are some tips and steps:

## Sources and links for downloading a save file for New Game Plus

There are many websites and forums where you can find and download save files for New Game Plus. Some of the most popular ones are:

- [Nexus Mods]: This is one of the largest and most trusted sources for mods and save files for The Witcher 3. You can find hundreds of save files for New Game Plus with different levels, builds, choices, items, etc. You can also use their mod manager tool to install them easily.
- [Reddit]: This is another popular source for save files for New Game Plus. You can browse through various subreddits dedicated to The Witcher 3, such as r/witcher3saves or r/witcher3mods, and look for posts that offer or request save files for New Game Plus.
