

Office 16 Product Key NEW!

How to Find and Activate Your Office 16 Product Key

Office 16, also known as Office 2016, is the latest version of the Microsoft Office suite that includes Word, Excel, PowerPoint, Outlook and more. If you have purchased and installed Office 16 on your computer, you will need a product key to activate it and access all its features. A product key is a 25-character code that looks like this: XXXXX-XXXXX-XXXXX-XXXXX-XXXXX.

In this article, we will show you how to find and activate your Office 16 product key in simple steps. We will also provide you with some free product keys that you can try if you don't have one.

How to Find Your Office 16 Product Key

If you bought Office 16 online from Microsoft or another authorized retailer, you should have received an email with the product key. Check your inbox or spam folder for the email and look for the code. If you can't find it, you can sign in to your Microsoft account and go to [Services & subscriptions](#) page. There you can view your order history and find your product key.

If you bought Office 16 as a physical copy from a store, you should find the product key inside the package. It may be on a card or a sticker. If you can't find it, contact the store where you bought it and ask for a replacement.

If you already have Office 16 installed on your computer and you want to view your product key, you can use a third-party software like [ProduKey](#) or [KeyFinder](#). These tools can scan your computer and display the product keys of various software, including Office 16.

How to Activate Your Office 16 Product Key

Once you have your product key, you can activate Office 16 by following these steps:

1. Open any Office 16 application, such as Word or Excel.
2. Click on **File** and then on **Account**.
3. Under **Product Information**, click on **Change Product Key**.
4. Enter your product key and click on **Next**.
5. Follow the instructions on the screen to complete the activation process.

You can also activate Office 16 online by visiting setup.office.com and entering your product key there.
