Characters

Tekken 3 APK Blue.com has a large and diverse cast of characters that you can play as. Each character has their own unique moves, combos, and abilities that you can use to defeat your opponents. Here are some of the characters you can choose from:

- **Jin Kazama:** The main protagonist of the game and the son of Kazuya Mishima and Jun Kazama. Jin is a master of traditional Karate, having abandoned the Mishima style following the events of Tekken 2. Jin has inherited the Devil Gene from his father, which gives him access to powerful attacks like Electric Wind God Fist and Devil Blaster.
- **Ling Xiaoyu:** A cheerful and energetic Chinese girl who dreams of building an amusement

park. Ling uses a mix of various Chinese martial arts, such as Baguazhang, Piguaquan, and Xingyiquan. Ling can also switch to a Phoenix stance, where she lowers her body and attacks with quick and deceptive moves.

- **Bryan Fury:** A ruthless and cold-blooded cyborg who was once a member of a special forces unit. Bryan was killed in a shootout and revived by Dr. Abel, a rival of Dr. Bosconovitch. Bryan uses a brutal form of kickboxing, combined with his enhanced strength and durability. Bryan can also unleash a powerful scream that can stun his opponents.
- **Eddy Gordo:** A Brazilian capoeira master who learned the art in prison, where he was falsely accused of drug trafficking. Eddy fights to clear his name and to avenge his father, who was killed by the drug lord who framed him. Eddy's capoeira is characterized by his fluid and acrobatic movements, as well as his ability to evade attacks by lying on the ground.
- **Hwoarang:** A hot-headed and rebellious Korean taekwondo practitioner who is the student of Baek Doo San. Hwoarang entered the tournament to challenge Jin Kazama, his rival and friend. Hwoarang can switch between two stances: Left Flamingo and Right Flamingo, which give him access to different kicks and combinations.

Modes

Tekken 3 APK Blue.com offers a variety of modes that you can enjoy on your android device. Each mode has its own rules, objectives, and challenges that will test your skills and strategy. Here are some of the modes you can play:

- **Arcade:** The classic mode where you fight against a series of opponents until you reach the final boss, Ogre. You can choose from three difficulty levels: Easy, Medium, and Hard. You can also unlock new characters by defeating them in this mode.
- **Versus:** The mode where you can challenge your friends or the computer in a one-on-one match. You can choose the stage, the time limit, and the number of rounds. You can also customize your character's appearance and stats.
- **Team Battle:** The mode where you can form a team of up to eight characters and fight against another team. You can choose the order of your team members and switch between them during the match. The team that defeats all the members of the other team wins.
- **Time Attack:** The mode where you have to defeat as many opponents as possible within a given time limit. You can choose from three time limits: 5 minutes, 10 minutes, or 20 minutes. You can also see your rank and score on the leaderboard.
- **Survival:** The mode where you have to survive as long as possible against an endless stream of opponents. Your health does not regenerate between matches, but you can recover some by performing combos or grabbing items. You can also see how many opponents you have defeated and your best record.
- **Tekken Ball:** The mode where you play a game of volleyball with a twist. You have to hit a ball with your attacks and send it to the other side of the net. The ball has a gauge that shows its power and damage. If you fail to hit the ball or if the ball hits you, you lose health. The first player to lose all their health loses the match.
- **Tekken Force:** The mode where you have to fight your way through four stages of enemies in a side-scrolling beat 'em up style. You can use your normal attacks, as well as weapons and items that you find along the way. You have to defeat a boss at the end of each stage. You can also unlock a secret character, Dr. Bosconovitch, by completing this mode four times.
- **Practice:** The mode where you can practice your moves and combos without any interference. You can choose your character, your opponent, and the stage. You can also adjust the settings, such as the CPU level, the health gauge, the command display, and the hit effects.

Tips and Tricks

Tekken 3 APK Blue.com is not an easy game to master, but with some tips and tricks, you can improve your performance and beat your opponents with ease and style. Here are some of them:

- **Learn your character's moves and combos:** Each character has their own unique moves and combos that you can use to deal damage and create openings. You should learn them by heart and practice them in the Practice mode or the Arcade mode. You should also learn the strengths and weaknesses of each character, such as their range, speed, power, and defense.
- **Use the sidestep and the throw escape:** Tekken 3 APK Blue.com is a 3D fighting game, which means you can move in all directions, not just left and right. You can use the sidestep to dodge attacks and create angles for your own attacks. You can also use the throw escape to break free from your opponent's grabs. To do this, you have to press the same button as your opponent when they try to throw you.
- **Know when to block and when to attack:** Blocking is an essential skill in Tekken 3 APK Blue.com, as it can prevent you from taking damage and losing momentum. However, blocking too much can also be risky, as your opponent can break your guard with a low attack or a throw. You have to know when to block and when to attack, depending on the situation and your opponent's behavior. You should also mix up your attacks with high, mid, and low attacks, as well as throws and counters.
- **Use the environment to your advantage:** Tekken 3 APK Blue.com has various stages that have different features and effects. Some stages have walls that can limit your movement or cause extra damage when you hit them. Some stages have slopes that can affect your balance and timing. Some stages have items that you can use as weapons or health recovery. You should be aware of these factors and use them to your advantage.
- **Have fun and experiment:** Tekken 3 APK Blue.com is a game that rewards creativity and experimentation. You can try different characters, moves, combos, and strategies to see what works best for you. You can also customize your character's appearance and stats to suit your preferences. You can also play with your friends or online opponents to test your skills and have fun.
