American Truck Simulator - Heavy Cargo Pack is a downloadable content (DLC) for American Truck Simulator, a popular game that lets you drive various trucks across the USA. The DLC was released on June 7, 2017 by SCS Software, the developer and publisher of the game.

The DLC adds nine new cargoes and a new trailer in different lengths and with multiple pivot points to the game. The cargoes are:

- Crawler Tractor
- Bulldozer
- Lift Truck Chassis
- Lift Truck
- Cable Reel
- Milling Machine
- All Terrain Crane
- Scraper

The trailer is a complex multi-joint trailer with jeeps and boosters spreading the weight of the cargo. It requires more skill and precision to maneuver and park than a standard semi-trailer.

The DLC also adds new achievements and Steam trading cards to the game.
