How to Fix Dt07 Img Error in PES 2013 Skidrow Version

If you are a fan of PES 2013, you might have encountered a common error that prevents the game from launching properly. This error is caused by a corrupted or missing file called dt07.img, which is located in the img folder of the game installation directory. In this article, we will show you how to fix this error and enjoy PES 2013 without any hassle.

What is Dt07 Img and Why is it Important?

Dt07 img is a file that contains the graphics and textures of the stadiums in PES 2013. It is essential for the game to run smoothly and display the realistic visuals of the different venues. However, sometimes this file can get damaged or deleted due to various reasons, such as virus infection, disk error, or improper installation. When this happens, the game will fail to load the stadiums and show an error message like "dt07.img not found" or "dt07.img corrupted".

How to Fix Dt07 Img Error in PES 2013 Skidrow Version?

There are two possible ways to fix this error: either by downloading a new dt07 img file from a reliable source or by repairing the existing one using a tool. Here are the steps for each method:

Method 1: Download a New Dt07 Img File

This is the easiest and fastest way to fix the error. You just need to find a trustworthy website that offers a working dt07 img file for PES 2013 Skidrow version and download it. Then, you need to replace the old file with the new one in the img folder of the game installation directory. Here are some websites that you can try:

- <https://www.pes-patch.com/dt07-img-reloaded-for-pes-2013-by-dr-hany/>
- <https://www.moddingway.com/file/31632.html>
- <https://www.pesnewupdate.com/2016/09/pes-2013-dt07img-fix.html>

After downloading the file, follow these steps:

1. Extract the file using WinRAR or any other software.
2. Copy the dt07.img file and paste it in the img folder of the game installation directory. The default location is C:\Program Files (x86)\KONAMI\Pro Evolution Soccer 2013\img.
3. Replace the old file when prompted.
4. Launch the game and enjoy.

Method 2: Repair the Existing Dt07 Img File

This method is more complicated and time-consuming, but it can also work if you don't want to download a new file. You need to use a tool called PES 2013 File Loader by Jenkey1002, which allows you to modify and repair various files in PES 2013. You can download it from here: <https://pesedit.org/pes-2013-file-loader-by-jenkey1002/>.

After downloading and installing the tool, follow these steps:

1. Open PES 2013 File Loader by Jenkey1002 and click on Tools.

2. Select File Explorer from the drop-down menu.
3. Navigate to the img folder of the game installation directory and find dt07.img.
4. Right-click on dt07.img and select Repair.
5. Wait for the process to finish and close the tool.
6. Launch the game and check if the error is fixed.

Conclusion

Dt07 img error is a common problem that affects many PES 2013 players who use Skidrow version.
