Wheelman is a game that combines driving and shooting in a cinematic way. You can use your car as a weapon, performing Vehicle Melee attacks to ram and sideswipe your enemies. You can also use the Air Jack feature to jump from one car to another and take control of it. The game has a variety of missions and side activities, such as taxi, courier, street racing, and rampage. You can also explore the city of Barcelona and find hidden collectibles and jumps.

The game features the voice and likeness of Vin Diesel, who also collaborated with the developers in the design and production of the game. The game was released in 2009 for Windows, PlayStation 3, and Xbox 360. It received mixed reviews from critics, who praised the action and stunts, but criticized the story, graphics, and repetition. The game was also compared to other driving games, such as Grand Theft Auto, Driver, and Burnout.

If you are a fan of Vin Diesel or action movies, you might enjoy Wheelman. It is a game that offers a

lot of adrenaline and excitement, but also some flaws and limitations. You can download and install Wheelman save games for PC to enhance your gaming experience and save your progress. You can also check out some tips and tricks online to improve your skills and performance in the game.

Wheelman is not just a game, but also a movie. The game was originally intended to be a tie-in to a film of the same name, starring Vin Diesel and directed by John Singleton. However, the film was delayed and eventually cancelled, leaving the game as a standalone product. The game's story and characters are loosely based on the film's script, but with some changes and additions. The game also features some scenes and dialogues from the film that were never filmed.

The game's soundtrack consists of original music composed by Paul Haslinger, as well as licensed songs from various genres and languages. The game also features a dynamic radio system that changes the music according to the player's actions and location. The game has several radio stations that play different types of music, such as rock, hip hop, pop, and Spanish. The game also has a custom soundtrack option that allows the player to use their own music files.

Wheelman is a game that tries to capture the essence of a Hollywood blockbuster, with Vin Diesel as the star. It is a game that offers a lot of fun and thrill, but also some frustration and boredom. It is a game that has its strengths and weaknesses, but also its charm and personality. It is a game that you might love or hate, but you will never forget.
