How to Play Merge Rainbow Friends on PC

Playing Merge Rainbow Friends on PC is very easy and fun. Here are some tips and tricks to help you play the game better:

- Drag to move your rainbow friend. You can drag your rainbow friend to any empty spot on the board. You can also drag it to the shop to sell it for coins.
- Buy new units and put them on the board. You can buy new units from the shop using coins. You can also get free units from the gift box every few seconds. Put your units on the board to prepare for the battle.
- Merge two identical units to create a brand new monster. You can merge two units of the same level and type to create a higher-level unit with more power and abilities. For example, merging two level 1 unicorns will create a level 2 unicorn, and merging two level 2 unicorns will create a level 3 unicorn, and so on.
- Press start to begin the battle and defeat the enemies. Once you are ready, press the start button to begin the battle. Your rainbow friends will automatically attack the enemies on the opposite side of the board. You can also use special skills and items to boost your performance. The battle ends when one side runs out of units or time.
- Prepare for the next battle and repeat. After each battle, you will get rewards such as coins, gems, chests, and stars. You can use these rewards to upgrade your units, buy new items, unlock new modes, and more. You can also rearrange your board and merge more units to get ready for the next battle.
