How to Download and Install ETKA 7.3 7.4 7.5 (1084).rar on Windows

ETKA is an electronic catalog that contains complete information on spare parts and accessories for VAG cars (VW, Seat, Skoda, AUDI), including minibuses. It allows you to enter the VIN number of the car and get the details of the parts you need. It also has a database of guilty codes that can help you diagnose and fix problems with your car.

If you are looking for a way to download and install ETKA 7.3 7.4 7.5 (1084).rar on your Windows computer, you have come to the right place. In this article, we will show you how to get this software for free and how to set it up correctly.

Step 1: Download ETKA 7.3 7.4 7.5 (1084).rar

The first thing you need to do is to download the ETKA 7.3 7.4 7.5 (1084).rar file from a reliable source. You can use the link below to get it from Mega.nz, which is a popular file-sharing platform.

[Download ETKA 7.3 7.4 7.5 \(1084\).rar](#)

The file size is about 6 GB, so it may take some time to download depending on your internet speed. Make sure you have enough space on your hard drive before downloading.

Step 2: Extract ETKA 7.3 7.4 7.5 (1084).rar

Once you have downloaded the file, you need to extract it using a program like WinRAR or 7-Zip. You can download these programs for free from their official websites.

[Download WinRAR](#)

[Download 7-Zip](#)

After installing one of these programs, right-click on the ETKA 7.3 7.4 7.5 (1084).rar file and choose "Extract Here" or "Extract to ETKA201605" depending on your preference.

This will create a folder named ETKA201605 on your hard drive with all the files you need to install ETKA.

Step 3: Install ETKA 7.3 7.4 7.5 (1084)

Now that you have extracted the files, you can proceed to install ETKA on your Windows computer.

Open the ETKA201605 folder and double-click on the ETKA file.

This will launch the installation wizard that will guide you through the process.

The installation password (not archives password) is: **2016@by-carfreak.kiss**

Note: Please type in the password manually as the setup does not like copy & paste.

Follow the instructions on the screen and accept the terms and conditions.

The installation will also install the necessary Hardlock Driver that allows ETKA to run properly.

After the installation is complete, the system will restart automatically.

Step 4: Update ETKA 7.3 7.4 7.5 (1084)

The last step is to update ETKA to the latest version using the ETKA Updates v1.8.exe file that is included in the ETKA201605 folder.

Double-click on this file and it will check for any available updates for ETKA.

The updates will be downloaded and installed automatically.

You can also use this file to change the regional settings and price list for your country, disable mandatory updates, switch between versions, and
